

**CANDIDATE FOR GOVERNING BOARD MEMBER
LUCERNE VALLEY UNIFIED SCHOOL DISTRICT**

NAME: JEAN MORGAN

AGE: 68

OCCUPATION: Incumbent

During my tenure the Lucerne Valley Unified District has observed the highest degree of fiscal prudence despite declining enrollment and reduced State funding. Yet, we were able to maintain, repair, and improve all our schools; elevate student learning through access to technology and new teaching methodologies; and continue to attract highly qualified applicants to join our staff.

The next four years are critical. The District is half way through a planned reorganization. New programs are being developed to prepare all students to be successful. In addition, we are facing the challenges of meeting State and Federal accountability requirements. I welcome these challenges.

I have a Masters Degree, 25 years in government, fifteen years as a computer consultant and completed the Masters in Governance training for board members. In addition to a lifetime of community service, I'm on the San Bernardino County Lucerne Valley Community Plan Committee and am a lifetime member of the Lucerne Valley Chamber of Commerce.

I have been involved with many school districts but my role as a Board Member has been the most rewarding. I would appreciate your vote to allow me to work for you and our students for another four years.
